Accessible Transportation Successful Campaign

"Moving Faisalabad Forward: Accessible Transportation for All"

In 2023, Tamir Welfare Organization launched Faisalabad's first accessible transportation initiative, significantly improving public transit for persons with disabilities. Through four impactful events, the project raised awareness and engaged 310 participants, including government officials, media, civil society, and NGOs.

Key Achievements:

Government Commitment: The provincial government, represented by officials like Dr. Mubashir Bajwa (City Traffic Police) and Sohail Maqsood Pannu (Traffic Engineering and Transportation Planning Agency, TEPA), committed to expanding accessible urban transportation, planning 110 buses across 7 routes initially, with 35 routes covered by the end of the phased plan.

Infrastructure Development: A new bus depot will be constructed to support this initiative.

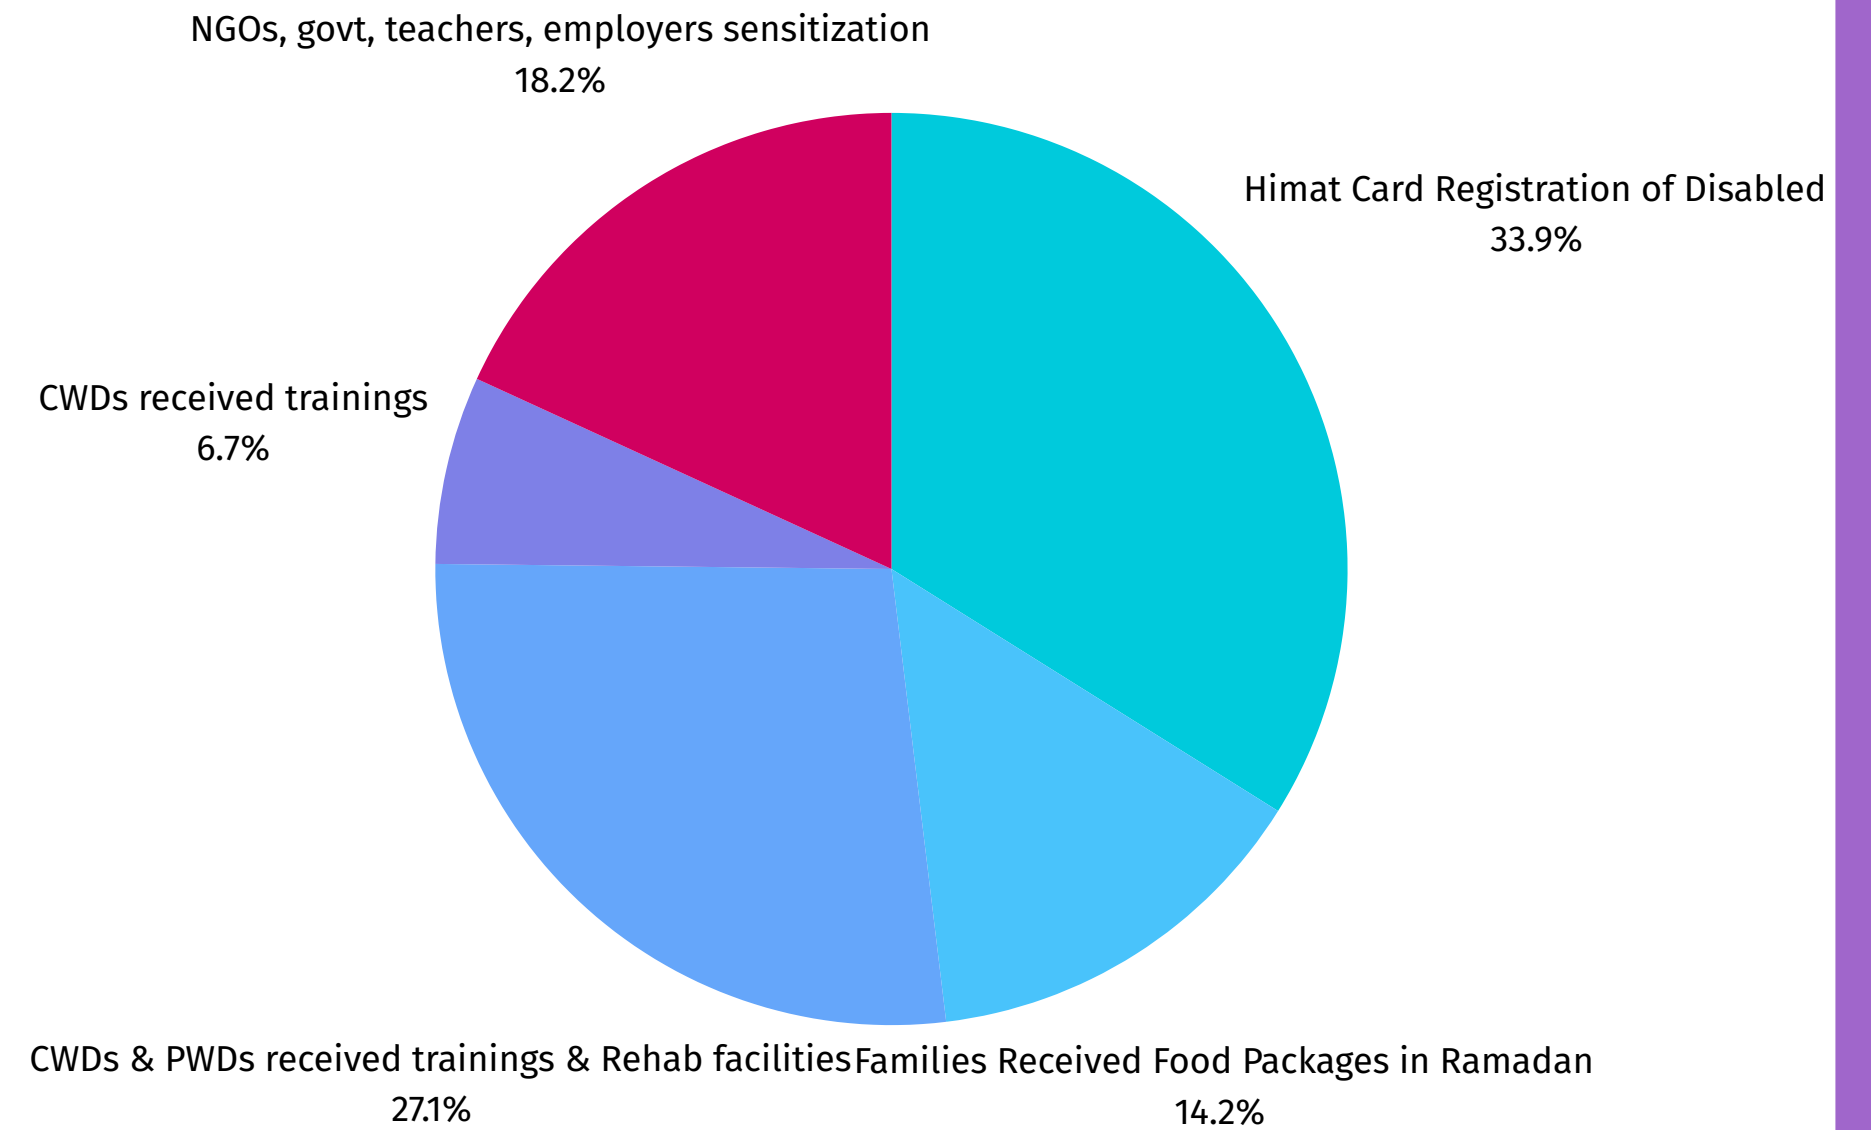

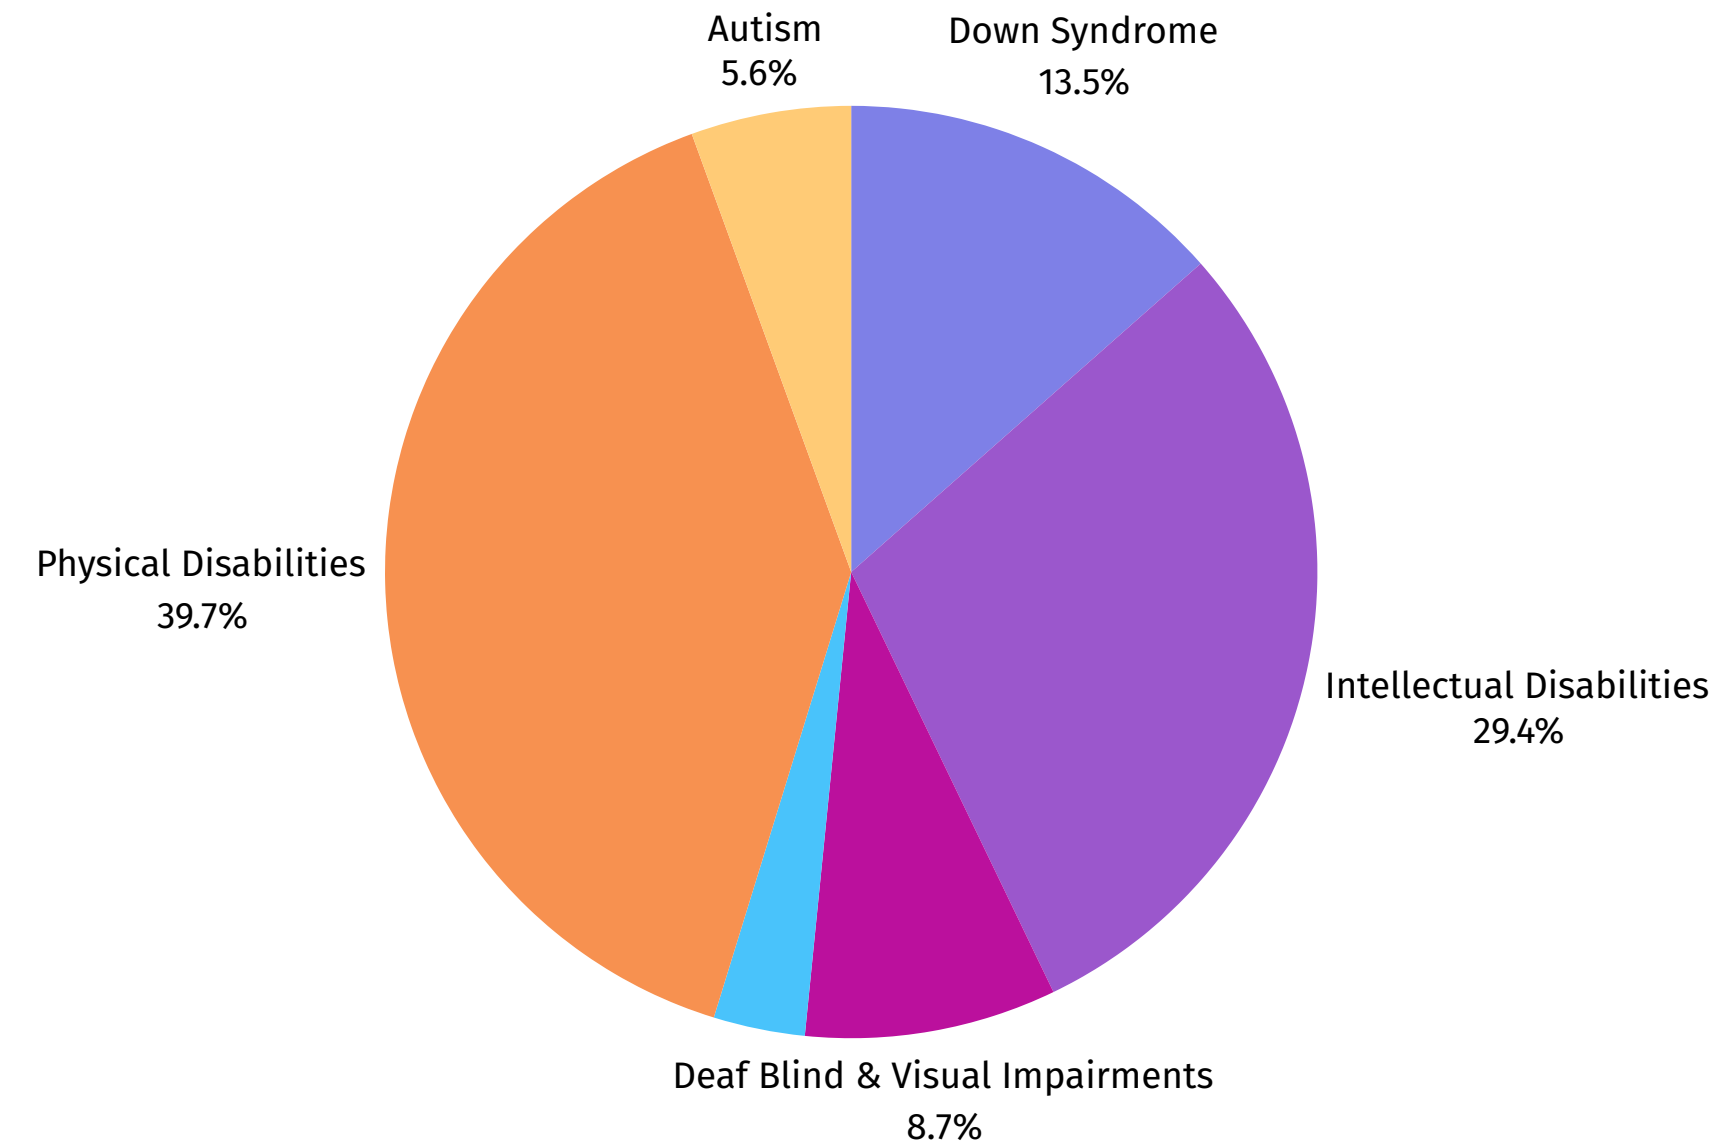

Prime Minister's Promise: Following the campaign, the Prime Minister pledged to start a Metro Bus service in Faisalabad, incorporating accessible transportation.

This project is a historic step towards inclusive travel, promoting social equity and community resilience in Faisalabad.
